## Phone Survey for Kids Come First

The *Kids Come First Project* is developing new ways to measure the health, wellbeing and educational progress of our kids. Accurate information in these areas is needed to progress relevant Tasmania *Together* goals.

During March, more than 1200 carers will be invited to participate in a Kids Come First Statewide telephone survey. If you are the primary carer of a child aged 0 – 12, you will be eligible to participate in the telephone survey.

The survey will take approximately 20 minutes, and eligible carers are encouraged to participate should they be contacted.

For further information on the **Kids Come First Project**, please contact John Nehrmann on 6233 4772 or go to **[www.dhhs.tas.gov.au](http://www.dhhs.tas.gov.au)**
